Package 'WRS'

January 23, 2017

Encoding UTF-8

Type Package

Title A Package of R.R. Wilcox' Robust Statistics Functions

Version 0.30.1

Date 2017-01-18

Author Rand R. Wilcox, Felix Schönbrodt

Maintainer Felix Schönbrodt `<felix@nicebread.de>`

Suggests MASS, akima, robustbase, cobs, robust, mgcv, scatterplot3d, quantreg, rrcov, lars, pwr, trimcluster, mc2d, psych, Rfit, WRScpp, DepthProc, class, fda, parallel

Description This is a packaged version of the robust statistic functions provided by R. R. Wilcox (http://dornsife.usc.edu/labs/rwilcox/software/).

License GPL (>=2)

LazyLoad yes

R topics documented:

WRS-package   *Wilcox' Robust Statistics*

Description

This is a packaged version of the robust statistic functions provided by R.R. Wilcox (http://www-rcf.usc.edu/~rwilcox/). No help files are provided, please refer to the books for the usage of these functions.

Author(s)

Robust functions by R.R. Wilcox Package maintainer: Felix Schönbrodt <felix@nicebread.de>
